

Visitor Check-In Policy

American Heritage of South Jordan welcomes visitors to our building and classrooms. Each visitor must stop at the office to sign in and receive a visitor badge, which is to be worn at all times. The students and staff members at American Heritage wear uniforms marked by the school's logo. Visitors can easily be identified by the red visitor badge. If someone is seen in the building without the proper logo or badge, he or she will be escorted to the office and will either be asked to properly sign in or to leave the premises.

During large events such as concerts or performances, the check-in policy is sometimes adjusted. The teachers communicate with parents regarding any changes being made to the visitor's policy.
